

1. Need to add ckeditor in notice board

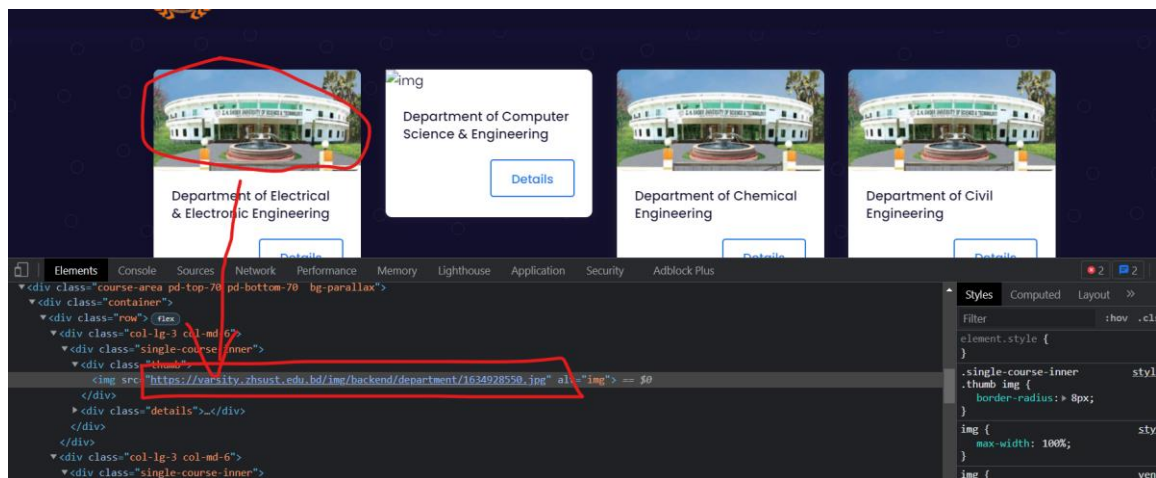

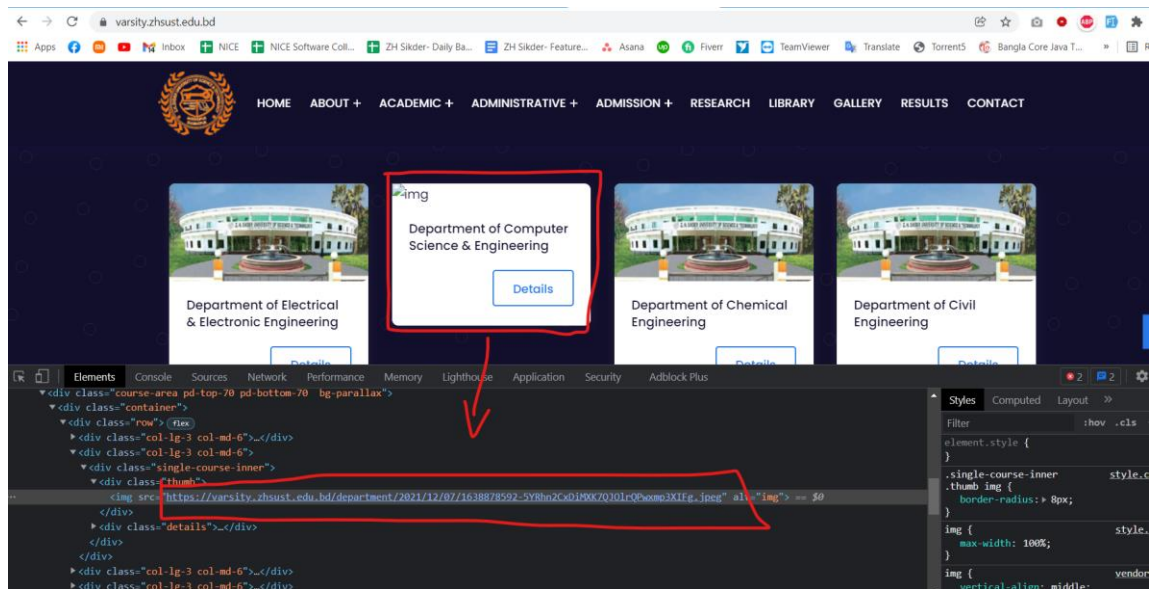

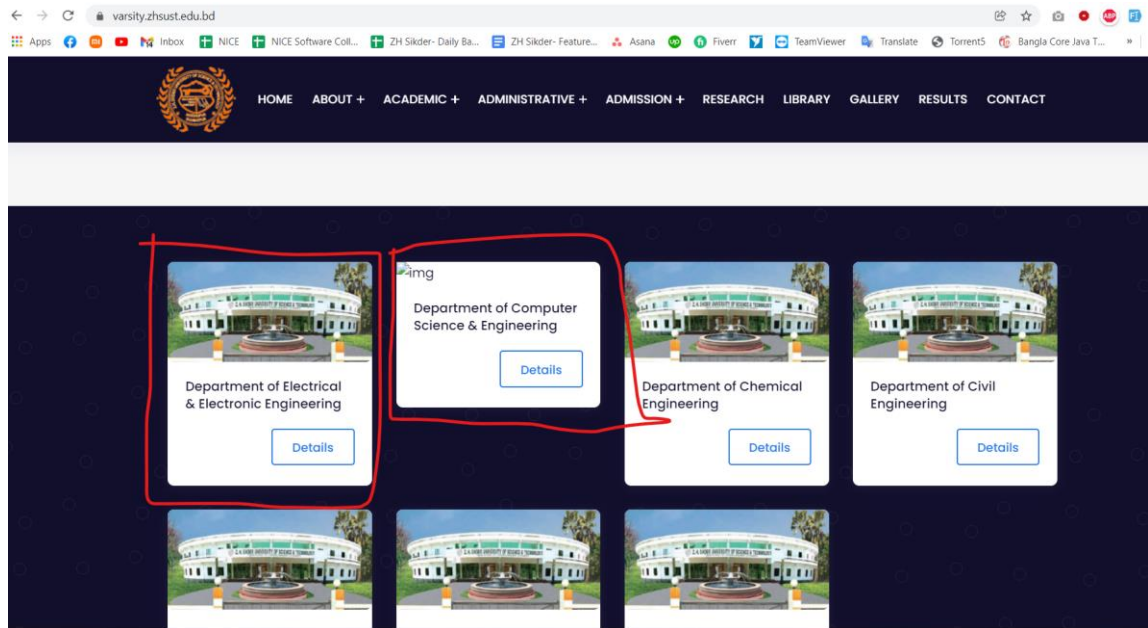

The screenshot shows a web browser window with the URL `varsity.zhsust.edu.bd/notice_board`. On the left is a dark sidebar menu with items like 'Website Setup', 'Our Management', 'BOT', 'Slider', 'Gallery', 'Events', 'News', 'Noticeboard' (highlighted in green), 'Department Page Setup', 'Department wise Fees structure', and 'Contact'. The main content area is titled 'Add Notice' and contains several input fields: 'Notice Title', 'Notice Subject', 'Author', 'Department Name' (set to 'ALL'), and 'TO' (set to 'Option'). Below these is a large text area labeled 'Write Notice', which is highlighted with a yellow hand-drawn rectangle. At the bottom of the form are a 'Notice File' section with 'No file selected' and 'Choose File' buttons, and a green 'Submit' button.

2. Need to resize the field

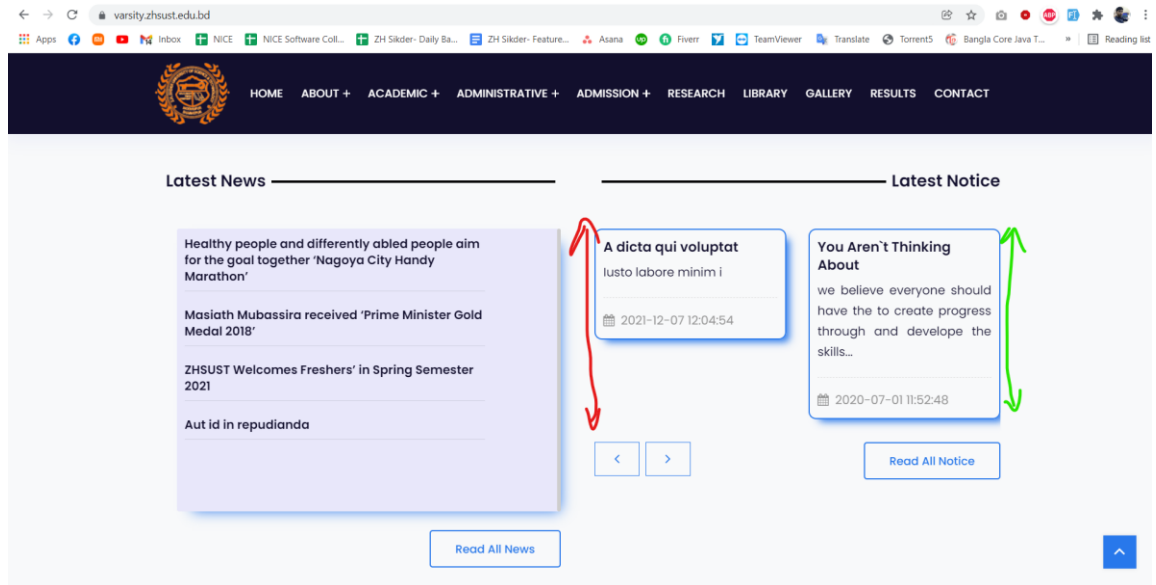

This screenshot shows the same 'Add Notice' form. Red arrows are drawn from the right side of the 'Notice Title' and 'Notice Subject' input fields towards the right edge of the form, indicating that these fields need to be resized to be wider. The rest of the form, including the 'Write Notice' text area and the 'Submit' button, remains the same as in the previous image.

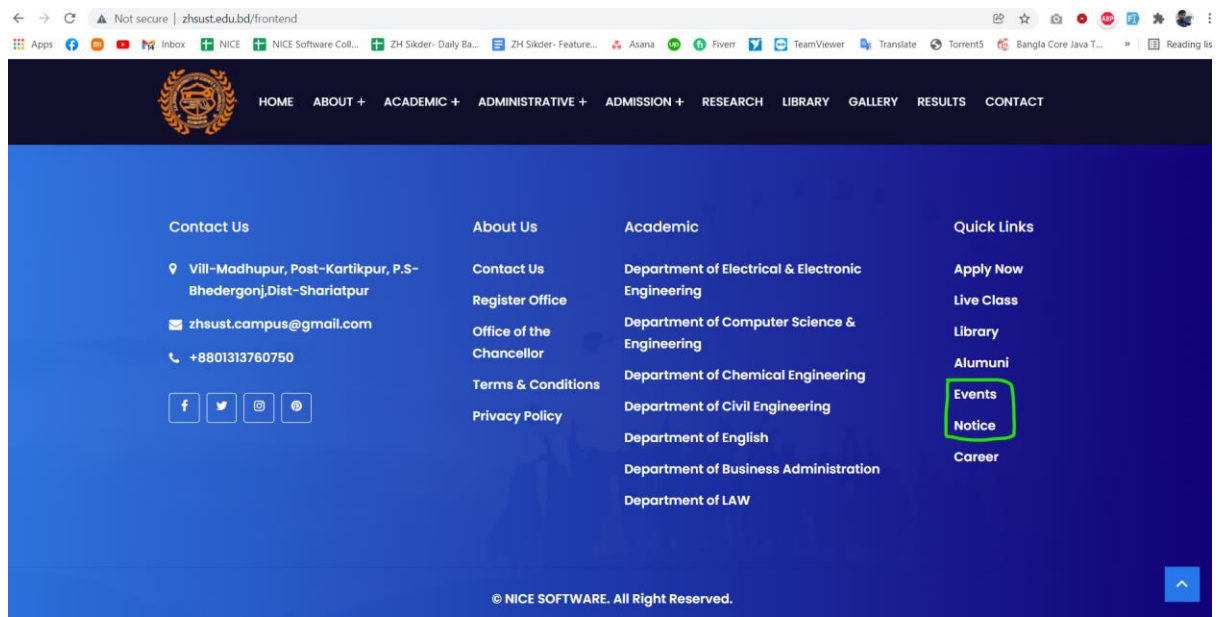

3. Please check the image file link, here is showing different location

4. Please fix the height, height will be same for all notices
